Humana. Claims Payment Policy

Subject: Self-Administered Drugs While Outpatient in a Hospital

Application: Medicare Advantage Products
Published date: 06/2024
Policy number: CP2024007
Related policies: N/A

Disclaimer: The intended audience of this medical claims payment policy is healthcare providers who treat Humana members. This policy is made available to provide information on certain Humana claims payment policies. This policy is a guideline only and does not constitute medical advice, guarantee of payment, plan pre-authorization, an explanation of benefits, or a contract. This policy does not govern whether a procedure is covered under a specific member plan or policy, nor is it intended to address every claim situation. Claims may be affected by other factors, such as: state and federal laws and regulations, provider contract terms, and our professional judgment. This policy is subject to change or termination by Humana. Humana has full and final discretionary authority for its interpretation and application. No part of this policy may be reproduced, stored in a retrieval system or transmitted, in any shape or form or by any means, electronic, mechanical, photocopying or otherwise without express written permission from Humana. When printed, this version becomes uncontrolled. For the most current information, always refer to the following website: **Humana.com/ClaimPaymentPolicies**

Overview

This policy outlines Humana's billing requirements and reimbursement for *self-administered drugs*, including biologicals, furnished by a hospital to a patient during an outpatient hospital encounter.

Medicare Advantage Payment Policy

In addition to the policy, claims payments are subject to other plan requirements for the processing and payment of claims, including, but not limited to, requirements of medical necessity and reasonableness and applicable referral or authorization requirements.

The following policy applies to only facility services.

Humana does not reimburse, under Medicare Advantage (MA) basic benefits, for *self-administered drugs* that are given in the outpatient hospital setting in the applicable jurisdiction. *Self-administered drugs* given in an outpatient hospital setting should be reported on hospital institutional claims using *revenue code 0637* and *Healthcare Common Procedure Coding System (HCPCS) code A9270*.

Drugs and biologicals given in an outpatient hospital setting that are not *self-administered drugs* should be reported using the combination of the applicable revenue code and applicable Current Procedural Terminology (CPT®) or HCPCS code.

A Humana MA member with Medicare Part D prescription drug coverage may be entitled to coverage of *self-administered drugs* by the Part D benefit carrier, and the enrollee may request reimbursement from that Part D benefit carrier.

Definitions of *Italicized* Terms

- ***HCPCS code A9270***: Noncovered item or service
- ***Revenue code 0637***: Self-administered drugs
- ***Self-administered drugs***: Drugs and biologicals excluded, in a jurisdiction, from Original Medicare Part B coverage because the jurisdiction's A/B Medicare Administrative Contractor (MAC) has determined that they are usually self-administered by the patients who use them. Each A/B MAC publishes a list of drugs and biologicals that it has identified, for this purpose, as self-administered drugs.
