Kentucky Medicaid Payment Policy

In addition to the policy, claims payments are subject to other plan requirements for the processing and payment of claims, including, but not limited to, requirements of medical necessity and reasonableness and applicable referral or authorization requirements.

The following policy applies to only professional services.

Humana does not separately reimburse a charge for a Current Procedural Terminology (CPT®) or Healthcare Common Procedure Coding System (HCPCS) Level II code assigned a payment status indicator of "B" on the *MPFS Relative Value File*. Humana considers reimbursement for *status B codes* to be included in the reimbursement for any other same-day charge.

Exceptions:
- Humana reimburses a charge for *CPT code 90887,* indicating a collateral outpatient therapy service, even though it is a *status B code*.
- Humana reimburses a charge for *CPT code 98960*, *98961* or *98962* when reported with *modifier UB,* indicating a service provided by a community health worker, even though they are *status B codes*.

Note: In certain circumstances, additional payment rules may apply. For example, when applicable, claims are subject to the Humana Healthy Horizons in Kentucky out-of-network payment policy. For more information, see the relevant guidance in the References section of this policy.
