Disclaimer: *The intended audience of this medical claims payment policy is healthcare providers who treat Humana members. This policy is made available to provide information on certain Humana claims payment policies. This policy is a guideline only and does not constitute medical advice, guarantee of payment, plan pre-authorization, an explanation of benefits, or a contract. This policy does not govern whether a procedure is covered under a specific member plan or policy, nor is it intended to address every claim situation. Claims may be affected by other factors, such as: state and federal laws and regulations, provider contract terms, and our professional judgment. This policy is subject to change or termination by Humana. Humana has full and final discretionary authority for its interpretation and application. No part of this policy may be reproduced, stored in a retrieval system or transmitted, in any shape or form or by any means, electronic, mechanical, photocopying or otherwise without express written permission from Humana. Kentucky Medicaid Payment Policy

In addition to the policy, claims payments are subject to other plan requirements for the processing and payment of claims, including, but not limited to, requirements of medical necessity and reasonableness and applicable referral or authorization requirements.

As used in this policy, x represents any appropriate frequency code, which is the final digit of the type of bill (TOB) code.

Providers must report CGT services consistent with applicable guidance from the Kentucky Department for Medicaid Services. This includes that model drugs rendered as part of the CGT Access Model must be reported on paper UB-04 claim forms.

Providers may not claim discounts under the 340B Drug Pricing Program when purchasing model drugs rendered as part of the CGT Access Model. Humana denies model drugs reported with *modifier TB* or *modifier UD*.

Humana reimburses for model drugs rendered as part of the CGT Access Model separately from the inpatient hospital Diagnosis Related Group (DRG) payment. To facilitate such payment, the facility should report the model drug on a UB-04 claim form with TOB 13x.

Definition of Italicized Terms

- ***Modifier TB***: Drug or biological acquired with 340B Drug Pricing Program discount
- ***Modifier UD***: Physician administered drug purchased through the 340B Drug Pricing Program
