Humana. Claims Payment Policy

Subject: Chronic Care Management and Principal Care Management

Application: Medicare Advantage Products
Policy number: CP2015104
Related policies: N/A

Published date: 03/2015
Revision date: 03/2026

Disclaimer: *The intended audience of this medical claims payment policy is healthcare providers who treat Humana members. This policy is made available to provide information on certain Humana claims payment policies. This policy is a guideline only and does not constitute medical advice, guarantee of payment, plan pre-authorization, an explanation of benefits, or a contract. This policy does not govern whether a procedure is covered under a specific member plan or policy, nor is it intended to address every claim situation. Claims may be affected by other factors, such as: state and federal laws and regulations, provider contract terms, and our professional judgment. This policy is subject to change or termination by Humana. Humana has full and final discretionary authority for its interpretation and application. No part of this policy may be reproduced, stored in a retrieval system or transmitted, in any shape or form or by any means, electronic, mechanical, photocopying or otherwise without express written permission from Humana. When printed, this version becomes uncontrolled. For the most current information, always refer to the following website:* ***Humana.com/ClaimPaymentPolicies***

Overview

This policy outlines Humana's billing requirements and reimbursement for principal care management (PCM), chronic care management (CCM) and complex CCM services.

Medicare Advantage Payment Policy

In addition to the policy, claims payments are subject to other plan requirements for the processing and payment of claims, including, but not limited to, requirements of medical necessity and reasonableness and applicable referral or authorization requirements.

Humana Medicare Advantage (MA) plans may reimburse a PCM charge, CCM charge, or complex CCM charge when all of the applicable Medicare Program requirements are met.

Humana requires a provider to follow all PCM and CCM requirements as outlined in the Federal Register and relevant CMS guidance. That includes, but is not limited to, the criteria outlined below.

Member Pre-Condition

For PCM services, the member must be diagnosed with one chronic condition that places the patient at significant risk of death, acute exacerbation/decompensation or functional decline or that is expected to last at least 3 months or until the death of the patient.

For CCM services, the member must be diagnosed with at least two chronic conditions that place the patient at significant risk of death, acute exacerbation/decompensation or functional decline and that are expected to last at least 12 months or until the death of the patient.

Staff Requirement

PCM and CCM services must be performed by clinical staff meeting the requirements of auxiliary personnel as defined by 42 CFR 410.26(a)(1).

Billing Limitations

A provider may not simultaneously bill for PCM services and certain other services, including CCM, for the same member.

A provider may not bill for PCM services during the surgical global period of a service for which they are reimbursed for the same member.

Only one provider may bill for CCM services for a specific member per month. CCM services for a specific member must be billed for either CCM or complex CCM, but not both, per month. A provider may not bill for CCM services rendered to a member during an inpatient facility stay that is coverable by the member's MA plan.

Additional Resources on this Topic

Humana's Making it Easier web-based training series includes a video on the proper reporting and reimbursement of CCM and PCM services that may supplement your understanding of this policy.
