Medicare Advantage Payment Policy

In addition to the policy, claims payments are subject to other plan requirements for the processing and payment of claims, including, but not limited to, requirements of medical necessity and reasonableness and applicable referral or authorization requirements.

For home health agency claims:

- Humana does not require an *NOA* for home health services.
- Humana does not apply a reduction or penalty for a home health agency's failure to submit an *NOA*.
- Humana denies an *NOA* as informational when received.
- Humana applies consolidated billing for home health services. Humana does not reimburse separately for services that are part of home health packaged reimbursement, even when those services are billed separately.
- Humana requires a provider to report a final claim with an accurate Health Insurance Prospective Payment System (HIPPS) code, as determined by the Outcome and Assessment Information Set (OASIS), for each home health case.
