Humana. Claims Payment Policy

Subject: Laboratory – Vitamin B12 Testing

Application: Medicare Advantage Products
Policy number: LAB2023007
Published date: 03/2023
Revision date: 05/2026

Disclaimer: *The intended audience of this medical claims payment policy is healthcare providers who treat Humana members. This policy is made available to provide information on certain Humana claims payment policies. This policy is a guideline only and does not constitute medical advice, guarantee of payment, plan pre-authorization, an explanation of benefits, or a contract. This policy does not govern whether a procedure is covered under a specific member plan or policy, nor is it intended to address every claim situation. Claims may be affected by other factors, such as: state and federal laws and regulations, provider contract terms, and our professional judgment. This policy is subject to change or termination by Humana. Humana has full and final discretionary authority for its interpretation and application. No part of this policy may be reproduced, stored in a retrieval system or transmitted, in any shape or form or by any means, electronic, mechanical, photocopying or otherwise without express written permission from Humana. When printed, this version becomes uncontrolled. For the most current information, always refer to the following website:* ***Humana.com/ClaimPaymentPolicies***

Medicare Advantage Payment Policy

As a Medicare Advantage plan, we have developed payment policies to explain coverage more fully for services. The criteria outlined will apply to Medicare Advantage plans except when the procedure(s) has established criteria through the Original Medicare National Coverage Determinations (NCDs) and Local Coverage Determinations (LCDs) as outlined below.

In addition to the policy, claims payments are subject to other plan requirements for the processing and payment of claims, including, but not limited to, requirements of medical necessity and reasonableness and applicable referral or authorization requirements.

- Vitamin B12 testing (CPT code 82607*) **IS REIMBURSABLE** once every 90 days and **IS ONLY REIMBURSABLE** in any of the following situations:
  - For individuals with a documented vitamin B12 deficiency
  - For individuals with any of the following clinical manifestations or risk factors of vitamin B12 deficiency:
    - Cutaneous
      - Hyperpigmentation
      - Jaundice
      - Vitiligo
    - Gastrointestinal
      - Glossitis
    - Hematologic
      - Leukopenia
      - Macrocytic or megaloblastic anemia
      - Pancytopenia
      - Thrombocytopenia
      - Thrombocytosis
    - Neuropsychiatric
      - Areflexia
      - Cognitive impairment
      - Gait abnormalities
      - Irritability
      - Loss of proprioception and vibratory sense
      - Olfactory impairment
      - Peripheral neuropathy
    - Decreased ileal absorption
      - Crohn's disease
      - Ileal resection
      - Patients with decreased absorption following surgical procedures
      - Tapeworm infection
    - Decreased intrinsic factor
      - Atrophic gastritis

- Pernicious anemia
- Postgastrectomy syndrome

- Genetic
  - Transcobalamin II deficiency
- Inadequate intake
  - Alcohol abuse
  - Eating disorder
  - Individual with cognitive decline or being evaluated for dementia
  - Veganism or vegetarianism
- Prolonged medication use
  - Long term drug therapy
  - Long term use of metformin

Applicable procedures for Medicare Advantage plans

Procedure code	Code description
82607*	Cyanocobalamin (Vitamin B-12)

**The payment criteria for 82607 apply to all Medicare jurisdictions, except those states awarded to Novitas Solutions, Inc.*

Original Medicare Local Coverage Determinations (LCDs)

Contractor name	Policy title	Policy number	Procedure code
Novitas Solutions, Inc.	Assays for Vitamins and Metabolic Function	L34914	82607
