Kentucky Medicaid Payment Policy

In addition to the policy, claims payments are subject to other plan requirements for the processing and payment of claims, including, but not limited to, requirements of medical necessity and reasonableness and applicable referral or authorization requirements.

The following policy applies to only professional services.

Other than the exception outlined in this policy, Humana allows one E/M service when multiple E/M services are performed on the same date by the same provider.

Exception

When a problem-oriented E/M service and a preventive E/M service are both performed on the same date by the same provider, Humana allows reimbursement for both E/M services. The provider must report the problem-oriented E/M service with *modifier 25*. Medical records must support the use of *modifier 25*.

Note: In certain circumstances, additional payment rules may apply. For example, when applicable, claims are subject to the Humana Healthy Horizons in Kentucky out-of-network payment policy. For more information, see the relevant guidance in the References section of this policy.
